

KATIE WOODWARD

Deputy Head of the Research Branch

[CCASCOE](#)

Katie is the Deputy Head of Research, Analysis and Lessons at the CCASCOE. A Fellow of the UK's Defence Science and Technology Laboratory (Dstl), Katie's specialism is in psychology, human security, terrorism, and the social and behavioural impacts of climate change. Katie previously led the UK's Behavioural Science Influence Programme and the Support and Sustainability Science and Technology Programme, both of which provided critical research shaping the MOD's approach to security and sustainability.
