DR. ANDREW FORDE

Partner, Technology Strategy and Digital Transformation

[KPMG](#)

Dr. Andrew Forde is a partner at KPMG and one of Canada's leading voices on the ethical application of emerging technologies. With a background spanning engineering, AI strategy, and digital transformation, Andrew has advised some of the most complex financial institutions and public sector organizations in Canada and abroad. A Top 40 Under 40 honouree and adjunct professor at the University of Toronto's Faculty of Applied Science and Engineering, Andrew blends deep technical fluency with a philosophical lens to challenge audiences to think beyond the algorithm.

In his current role, he leads national work at the intersection of AI, ethics, governance, and system modernization. Known for his clarity, conviction, and commanding delivery, Andrew speaks regularly to executive audiences about how to lead responsibly in an era defined by intelligent machines, data-driven decisions, and shifting public trust.
