**Dr. GIOVANNI FUSINA**

Natural Hazards portfolio manager

[Defence Research Development Canada Center for Security Science \(CSS\)](#)

Dr. Giovanni Fusina is the Natural Hazards portfolio manager at Defence Research Development Canada Centre for Security Science (CSS). In his role at CSS, he is responsible for the formulation and execution of several research projects related to understanding the risks associated with natural hazards and proposing S&T to mitigate those risks.

Before joining CSS, Giovanni worked as a defence scientist at Defence Research and Development Canada's Ottawa Research Centre and Toronto Research Centre conducting research in diverse areas such as large-scale modelling and simulation, autonomy and control, complex systems, human factors, and hydrodynamic modelling. Giovanni holds a Ph.D. in Aerospace Science and Engineering from the University of Toronto Institute for Aerospace Studies and a bachelor's degree in applied science and engineering also from the University of Toronto.
