YAGMUR TORUL YUREK

Energy Security and Climate Change Staff Officer
[Supreme Headquarters Allied Powers Europe \(SHAPE\)](#)

Mrs Yagmur TORUL YUREK is an Energy Security and Climate Change Staff Officer at Joint Engineering Division (JENG) in Supreme Headquarters Allied Powers Europe (SHAPE) with a background in energy policy, regulatory development, and sustainability. In this role, she contributes to ongoing efforts to strengthen the military aspects of energy security, as well as to integrate climate change considerations into the ongoing work strands. Prior to this position, Yagmur worked at the **Energy Market Regulatory Authority (EMRA) of Türkiye** since 2014, where she focused on licensing and regulatory frameworks for electricity market including drafting legislation and evaluating renewable energy projects. In addition to her professional work, Yagmur has an academic background in industrial engineering and management information systems. She holds a **B.Sc. and M.Sc. in Industrial Engineering** and a **Ph.D. in Management Information Systems from Gazi University in Ankara**. Her research includes work on hybrid renewable energy systems, sustainability metrics under uncertainty, and resource allocation of energy systems.
