JESSICA OLCOTT YLLEMO
Center for Naval Analyses Field Representative to COMSECONDFLT
CNA Corporation

Jessica Olcott Yllemo is a Research Scientist at CNA, currently embedded with the staff at US Navy SECOND FLEET in Norfolk, Virginia. Her expertise is informed by nearly 20 years of working across strategic, operational, and tactical levels both domestically and internationally. Her wargaming and operational research is focused on the maritime domain, allies and partners (including NATO), and the Arctic. She has regularly published on climate security, emergency response/disaster preparedness, and security cooperation issues. She previously served as the Director of the Climate Security Programs at the American Security Project and remains active as an Executive Member of the Global Military Advisory Council on Climate Change (GMACCC).
