

DR. ANDREW SIRJOOSINGH

Defence Scientist

[NATO Climate Change and Security Centre of Excellence](#)

Dr Andrew Sirjoosingh is a defence scientist from the Canadian Department of National Defence currently assigned to the NATO Climate Change and Security Centre of Excellence. Working in the Research branch, he is currently involved in collaborative Alliance-wide initiatives on climate data and analysis. He has research experience in defence-based data science and operations research and analysis, as well as an academic background in chemistry.
